

Martine Bouffard, MBA | Director of Accounting

Martine Bouffard joined Rankin Biomedical in 2018, coming from an extensive career in the automotive industry where she was inventory manager at Leoni EPS, plant comptroller at Aleris, and operations manager at EPS. She has a strong understanding of processes and systems in planning, financial reporting, analysis, auditing, inventory management and purchasing. Martine has been a steady contributor in helping Rankin become the leader in the refurbished histology lab equipment industry.
